INTRODUCTION

I'm a kind of person who is very communicative and loves to talk with many different people. I open to learn new things and also try new Things out.

I was working in Germany from 2015-2020 in our own Restaurant in the Service i was a 1 Man Army haha because i had to to the service drinks and the Orders all alone because we didnt find Employees. To get the Job done well I needed Time and because I Needed time i was Starting to Remebr all the Orders From Drinks to special meals one without onion etc..... I can remember everything about every guest That's why I was saying 1 MAN ARMY??? I love the Job because I have to talk with many different Guest everyday. I have done the EBS 4 WEEKS COURSE because of the Age of 16 where I finished my school and Started to Work at our Restaurant i was Fascinated to Smell the different bottles we had and tried out to mix some drinks.
